Intended use

The appliance works as portable media player. With this device it is possible to play music (MP3/WMA3), video (MPEG4 / Xvid), photo (JPEG) and E-book (only .txt) files. These files can be accessed either from external sources (including USB and SD card) or from the internal drive (1.6 GB) of the AMP100. It is also possible to save files on the internal disc.

Read the manual carefully before the first use.

Safety

Labels in this manual

WARNING A warning means that injury or death is possible if the instructions are not obeyed.

CAUTION A caution means that damage to the equipment is possible.

A note gives additional information, e.g. for a procedure.

General safety instructions

CAUTION Do not spill any liquid on the appliance.

Preparations for use

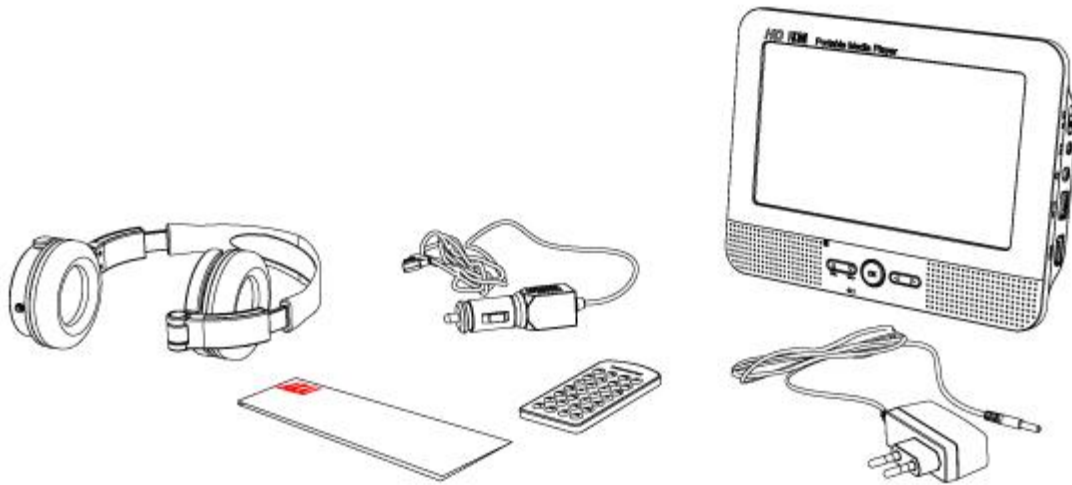

Unpacking

- Unpack the appliance carefully.
- Check the package contents as described below. If any item is missing, please contact your reseller.

We recommend that you retain the original carton and packing materials in case it ever becomes necessary to return your product for service. This is the only way to safely protect the product against damage in transit. If you do dispose of the carton and the packing materials, please remember to recycle with due care to the environment.

Package contents

The following items are included in the received package:

- 1 x APM100
- 1 x Remote control
- 1 x Button cell
- 1 x Quick start guide
- 1 x Headphone
- 1 x AC adapter
- 1 x 12V Car adapter

NOTE: the button cell battery has already been inserted in your remote control

If any item is missing, please contact your reseller.
