# 1 Intended use

---

The boombox Fatboy is a portable boombox with a double subwoofer system. The device plays music from USB devices and memory cards (SD MP3). Listen to the radio via the FM function.

- i** Do not use the device in a humid environment.
  
- i** Due the wide variety of products with USB ports, mobile devices and their manufacturer-specific functions we cannot guarantee that all devices will be recognized or all operating options can function.
  
- i** Read the manual carefully before the first use.

## 2 Safety

---

### 2.1 Labels in this manual

-  **WARNING** A warning means that injury is possible if the instructions are not obeyed.
-  **CAUTION** A caution means that damage to the equipment is possible.
-  A note gives additional information, e.g. for a procedure.

### 2.2 General safety instructions

#### General

-  To prevent damage or malfunctions: Please take time and read the general safety instructions. This will avoid fire, explosions, electric shocks or other hazards that may result in damage to property and/or severe or fatal injuries.
-  The manufacturer is not liable for cases of material damage or personal injury caused by incorrect handling or non compliance with the safety instructions. In such cases, the warranty will be voided.

#### WARNING

-  Do not put force on the appliance.
-  Always check that the mains voltage corresponds to the voltage on the rating plate.
-  Only use original accessories from the manufacturer.
-  Do not spill any liquid on the appliance.
-  Never leave children unattended with the packing material. The packaging material represents a danger of suffocation Children frequently underestimate the danger.always keep children away from the packaging material.

**⚠** It is not permitted to open the product yourself or to have it opened, neither is it permitted to repair the product yourself or to have it repaired. This will void the warranties. Please let any maintenance be carried out by certified maintenance personnel.

**⚠** Do not block the ventilation holes.

**⚠** Do not insert any objects in the ventilation holes.

#### **CAUTION**

**⚠** Do not put the appliance near a heat source. This could damage the appliance.

**⚠** Put the appliance on a horizontal flat surface.

**⚠** Keep minimum (50 mm) space around the device for optimal ventilation.

#### **Remarks**

**i** If this appliance is equipped with rubber feet to prevent it from moving: The feet are made from non-migrating material specially formulated to avoid leaving any marks or stains on furniture. However, certain types of furniture polishes, wood preservatives or cleaning sprays cause the rubber to soften and leave marks or a residue on the furniture, and potentially risk the surface to become damaged. To prevent damage to wooden surfaces, we recommend that you apply self-adhesive pads to the bottom of the rubber feet before installation.

**i** We recommend that you retain the original carton and packing materials in case it ever becomes necessary to return your product for service. This is the only way to safely protect the product against damage in transit. If you do dispose of the carton and the packing materials, please remember to recycle with due care to the environment.

## 3 Preparations for use

---

### 3.1 Unpacking

- Unpack the appliance carefully.
- Check the package contents as described below. If any item is missing, please contact your reseller.

**i** We recommend that you retain the original carton and packing materials in case it ever becomes necessary to return your product for service. This is the only way to safely protect the product against damage in transit. If you do dispose of the carton and the packing materials, please remember to recycle with due care to the environment.
